

**CUNY
Chancellor
Goldstein's
Salary:**

\$580,000!?

Why is the chancellor getting a \$40,000 raise when CUNY's budget is getting cut and students are paying more for tuition?

Rally on March 4th at 4pm

**Governor Paterson's office (3rd Ave @ 41st St)
then March on the MTA Hearing at FIT**

- ✓ **No Tuition Hikes! No Budget Cuts!**
- ✓ **No Layoffs! No Salary or Benefit Cuts!**
- ✓ **Equal Pay for Equal Work and Job Security for Adjuncts!**
- ✓ **Cancel All Student Debt!**
- ✓ **Bring Back Free Tuition and Open Admissions!**

In the last 2 years, the state has cut \$172 million from CUNY's budget and tuition was just raised by 14% last fall. Now Governor Paterson is proposing another \$104 million in cuts to CUNY, including \$21 million in salary and benefit reductions for CUNY employees. Paterson also wants to cut TAP financial aid and let the Board of Trustees raise tuition annually. This is part of a broader attack on education, public services and the workers who provide them with massive cuts and school closures in K-12 along with transit cuts and layoffs by the MTA.

It's time to fight back and say, "this is not our crisis, we won't pay!" Inspired by the mass protests, strikes, walkouts, and occupations that have taken place recently in California as part of an on-going struggle against cuts to education, students and teachers have called for March 4 to be a National Day of Action to Defend Education.
